

Walking around the lake

This is Daya Vardhan studying in 8th level in Heal Paradise.

One morning at 6 o'clock we got ready. We started from school at 6:30, and we were all very happy.

*First we went to near a big tree.
After we reached the tree we ate*

*fruits and haribo chocolates
sitting in the tree.*

*And we played there some time
and took some photos around the
tree.*

We continued the walk near the lake. We all enjoyed being at the mountains and the lake, taking photos.

That lake is very beautiful and a good place to walk. It has so many birds and cranes.

We really enjoyed very well and Jem King sir came with us and Colin sir also.

So many photos we took with camera, ipad and iPhone. That lake's name is Brahma Lingeswara Lake... we all went to swim in it for some time. After the swim we returned back to our school.

On the way we went to a small boat and were taking photos and we saw goats and their young. We all enjoyed it there.

After coming to the main road we all went to the shop and had some drinks.

We all walked along the road up to school and all enjoyed our trip.

Thank you sirs for taking us on that trip to the lake, I will not forget it in all my life.

Daya Vardhan,

Class 8

(That's me in the tree below)
